

### **Data Analysis And Decision Making**

Improve your data analysis process with these five steps to better, more informed decision making for your business or government agency.

### **The Data Analysis Process: 5 Steps To Better Decision Making**

After you gather information, the next step is to make sense of it. In short, it's time to analyze the data. Factors that determine how you'll proceed include how much time is available and whether you need to justify your decision to investors, customers, employees, or shareholders. Follow these steps to sort and analyze the [...]

### **Business Analytics: Data Analysis & Decision Making ...**

A colleague sent me an article today about big data and its role in the US elections and Brexit. (Read the article here) It talks about combining psychometrics and social network information that was freely available on the internet so that campaigners can psychologically target people to create a specific voting outcome.
