Normal | Definition of Normal at Dictionary.com

History for normal. People who work with wood use something called a square to make and check right angles. The English word normal came from the Latin word for this kind of square, norma, which also meant "standard" or "pattern." Normal at first meant "forming a right angle." Later normal came to mean "by a rule or pattern" or "regular."

Normal | Definition of Normal by Merriam-Webster

Almost all of us spend some portion of our lives wondering if we're normal. Not a bad question, since the National Institute of Mental Health (NIMH) estimates that more than 1 in 4 Americans have a mental disorder. Someone with a mental disorder has behaviors, feelings and thoughts that deviate from
